WORK EXPERIENCE

2020-2024 **Lead Editor and Writer,** Ethical Intelligence

- Led editorial work for the organisation's digital magazine, providing structural and grammatical feedback to contributors.
- Coordinated publication of articles by technologists, policymakers, and ethicists.
- Researched and wrote long-form articles for a non-technical audience, involved translating complex into a concise and accessible format.

2020-2022 **Researcher and Writer,** AI for Good Asia **–** 11/2020 - 2022

- Conducted literature reviews on tools, guidelines, and principles for implementing ethics in AI systems.
- Contributed to analysis on operationalising ethics in AI through research, writing, and collaboration with AI ethicists.

2020-2021 **Researcher,** We & AI - 01/2020 – 09/2021

- Gained invaluable research experience by providing the foundational research for a report summarising the UK's public attitudes to AI, a 'Race and AI Toolkit' which examined how AI encodes and amplifies racial bias, and an educational platform to increase AI literacy.
